

## RECYCLE MONTANA

### **Helping Montana Achieve Environmental Stability through Waste Reduction, Reuse, and Recycling**

Recycle Montana, Inc. is a 501 (c) (3) with the mission “to strive to be the leading statewide voice of recycling and an ongoing resource to advise, support, and educate Montanans on waste reduction opportunities.”

Your membership allows us to share statewide recycling news, locations and efforts on [recyclemontana.org](http://recyclemontana.org) and Facebook, connect recyclers in Montana, communicate the latest and greatest information on recycling and provide recycling education across the state. Members have access to technical assistance materials and information on various recycling programs. Please take the time today to join **Recycle Montana**.

### **Benefits of Membership**

- **Publications** - Share local and state recycling news through social media and the Recycle Montana website. Recycling news articles, referrals to people and organizations who can offer assistance and recycling websites of interest.
- **Networking & Updates** - Provide a connection to recyclers and recycling resources & locations, local and statewide recycling trends and Montana policy changes so you're up-to-date on the latest recycling developments.
- **Education & Outreach** - Promote the activities and accomplishments of members and support educational opportunities across Montana for businesses, communities, residents and schools.
- **Recycling Support** - Consultation about recycling issues in your community or business such as, how to start a recycling program or how to increase recycling.
- **Annual Meeting** - Members enjoy networking opportunities, annual updates on programs and services, and voting privileges on matters brought to the Recycle Montana Board. As well as an opportunity, for selected members, to contribute their experience and insight as a member of the Board of Directors.

*Thanks for your support of recycling in Montana!*
